Head Start News

January 2026

STUDY FOCUS

Our students started studying tubes and tunnels in December and we're continuing this study for the first few weeks back this year! This subject rolls smoothly into our next study which is Balls! (See what I did there.)

You can carry on our work by playing with your children using balls and tunnels. Think about your paper towel tubes, and find a ball that fits in it! Roll that ball through that tube and see which angle makes the ball roll the farthest. You're combining science and math with your little ones and supporting our teaching team all at the same time!

Please **KEEP IN MIND**

Dress your children for the weather. While we don't always go out to play on cold days, some classes do. Additionally, we never know when a fire alarm will go off.

Please dress your children in long pants and pack their coats with them.

Child **PLUS**

Did you know that you can communicate directly to Family Services via the ChildPlus communication app? We can even send photos! Please sign up as this is the best way to receive the most up-to-date information.

Upcoming **CLOSURES**

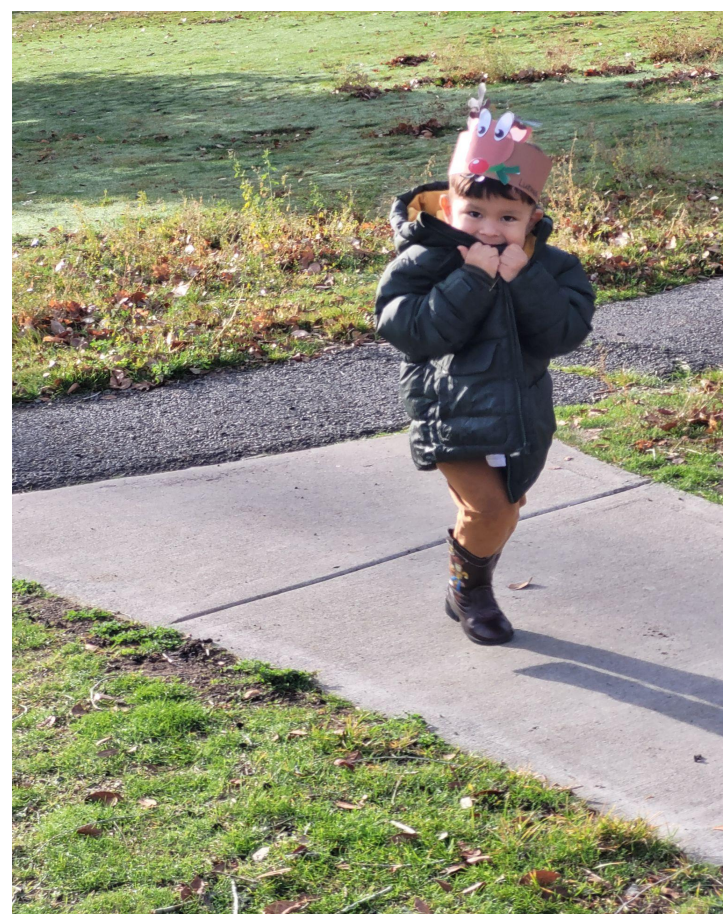

January 1st -
Tribal Closure

January 30th -
Teacher Inservice

Head Start Only

December was full of bright and happy faces!
